

Bright Ideas

Mission: To provide assistance to individual children for academic, cultural, and personal enrichment so that every child's light will shine.

President's Message

The Shining Light Foundation has developed a new and exciting venture called "Dyslexic Adults In Support of Youth" or the D.A.I.S.Y. project. The mission of this program is to provide encouragement and support to students diagnosed as dyslexic to maximize their development of talents and academic skills.

The scope of services provided by the D.A.I.S.Y. project is to extend aid to students diagnosed as dyslexic in Lafayette public schools in grades k-6. The process will be based on the method the Shining Light Foundation uses for grants and applications.

The programs funded by the D.A.I.S.Y. project will include Sylvan Learning Center scholarships. We are in the process of identifying additional projects, as funds become available.

Our goals are: (1) To provide enrichment and assistance as an extension of the programs available for dyslexic children in the public school systems. (2) Create a more positive view of dyslexic children's abilities. (3) Identify successful dyslexic professionals in the community who can serve directly or indirectly as mentors and role models; (4) Develop a resource base for implementing programs that target dyslexia as an issue in public education.

We look forward to hearing from you as we develop the D.A.I.S.Y. project. Your ideas, suggestions, and support are essential for our success.

D.A.I.S.Y Project

This year, the Shining Light Foundation, has created the D.A.I.S.Y Project. Our first scholarship was awarded for \$500.00 to receive specialized tutoring through the Sylvan Learning Center. Thank you to Sylvan for partnering with Shining Light to help make this Project a success.
