RE: Gannett Foundation Grant Proposal

Dear Ms. Nickel:

The Shining Light Foundation Board of Directors and I would like to submit the attached Gannett Foundation grant proposal for your consideration. All documents enclosed are in accordance to the application checklist on the Gannett Foundation website.

Our grant project proposal will provide the means for the Shining Light Foundation to purchase four (4) educational computers for Lafayette Parish School System middle school music teachers. Through our "special projects" program for educational resources, we will empower music teachers with laptop computers enabling them to use existing Promethean interactive panels and new technology for classroom instruction.

We are grateful for the confidence the Gannett Foundation has in our mission of service. We welcome your recommendations and ideas, and invite you to visit our website for additional information at www.shininglightfoundation.org. Again, thank you for your consideration of our grant proposal.

Sincerely,

Joseph Cilano
Executive Director
